BRIEF ABSTRACT OF LETTER.

Sanctioning to B. Raghavendrachar for life an allowance of Rs 10/- p.m with effect from 1st May 1910 in view of the fact that though he is blind, he has studied in the school at Mysore & learnt to play on the Veena, Violin &c

Considered necessary for construction & repairs. The order to debit the pension to the grant for construction ~~for~~ and repairs is therefore difficult to understand. Moreover, whatever the source from which the charge is met, it must be classified properly in the accounts & should appear under a suitable head, funds being reappropriated to that head if not provided in the budget. The pension cannot be shown in the accounts as a Construction or repairs charge. It must be shown as a pension or Expenditure.

7) I am respectfully of opinion that to sanction charitable pensions payable from the State funds is to create a very inconvenient & embarrassing precedent and that the order in question should ~~not~~ be modified. The poor man may be helped from the funds of some temple or other Mazra institution either by being made a recipient of the usual charities thereof or by being given some appt. In May file no 174 of 11-12 linked to this the Secretary of State's that lapsed personal life grants should be kept apart without keeping Govt. for application to other similar objects and that the grant to the Bengal man should be debited to this fund.

This seems like a fair basis solution after difficulty and if approved a draft will be submitted. It may be allowed to stand with due deference that it would be unexpedient to surrender such lapses for the benefit of the General Revenue as under the reign of the strict financial Canons it would become increasingly more difficult for the Govt. to recognise such small claims of charity.

This is a case in which the Myook Branch passed an order & sent to Fin. Dept. for confirmation. The F. D. did not confirm but raised objections & its objections were considered valid. But the Comptroller's office all the same passed the charges. It was an error on the part of Comptroller's office not to have called for financial confirmation.

The draft put up assumes that the Myook cash grant (Personal-life) is fixed in perpetuity & not subject to lapse. Mr KDT will please study this point case & bring up. I do not think we can agree to the draft.

P.S

The lapse that has occurred under stipends & life grants should not in my opinion be filled up in the way proposed but should be taken as a relief to State funds. This pension, which cannot be discontinued after having been paid so long, shd continue to be met out of the "Construction & repairs' grant until it can be transferred to some temple or other charitable institution. As this blind musician does service in the temple at Udipi I do not see why he should not be paid by that temple. We can suggest this with fairness to the temple authorities as the Mysore Govt pay a grant of about Rs 7000 per annum to the Udipi temple. MV

The Financial Secretary has been pleased to say that life grants which have ceased cannot be revived or continued for being granted to other deserving objects of charity, and that the stipend of Rs 10 sanctioned to B Raghavendra Char the blind musician at Udipi should be continued to him from the amt provided for the construction & repairs of Dharmasri Institutions till it can be given from the funds of some institution or other. and suggests that it may be given from the liberal grant to the Udipi temple itself.

It is doubtful whether a deputation of this amt from the grant to the Udipi temple is possible, as it is a grant sanctioned under a sanad by His late Highness the Maharajah & the institution is outside the State.

The linked file nos: 174-11 deals with the question of the continuance of life grants which have lapsed and contains orders of the Finl member and the late Dewan in the matter.

The rules pertaining to Settlement of Cash money Cash grants Are Contained in pp 47 to 49 of the Mozai Memorandum. - Subsidence grants will lapse to the State, on death of holder if the grant is for life or on failure of heirs if ~~for~~ hereditary. - In the case of Inst.s Undisbursed grants are credited to the funds of those insts; whereas in the case of grants for Subsidence, Undrawn grants go to the General Revenues, Subsequent Claims if any being paid therefrom. - The Chief difficulty that arises in the matter of Subsidence grants is when a Very deserving Case for personal grant (such as the one in question) arises and no Inst.n Could be found Conveniently to support the grant. To meet this, it would be very Convenient to fund the Undrawn and lapsing grants to individuals into a fund Called as Personal grant Fund and frame rules for its administration

In the case of lapsing grants of inst.ns the doctrine of "Cy-pres" will apply and pending the application, the grants may go to the General Muzjai funds. In the case of lapsing land inams, the usual procedure is to fully assess the lands and continue them as unalienated occupancy lands to the tenants. If a rare case arises in which the inst.n that lost the inam is restored through the energy of the local men and the occupant is found willing to allow the inam to be resuscitated, Govt will recognise the land as inam. If there is need for giving additl help to inst.ns, Govt grant land at concession rates or transfer lapsed grants or jodi allowances from other inst.ns But as regards individuals, there is at present no such easy scope. To make the matter clear, the circumstances obtaining are summarised below, the suggestions now made being underlined in red ink:
